

**3 Most Important, looking to the ban on 328 fixed dose combinations by government, there are chances of huge returns of goods. It will may put you in financial loss. looking at the provision under sec. 34(2) of GST You are advised to return the non moving/ non salable & in particular products which are falling under banned drugs & purchased to wholesaler with purchase details to get full value claim with GST amount paid by you. Also inform all retailers to get the benefit.**

## देशात 328 औषधांवर तात्काळ बंदी

केंद्र सरकारच्या आरोग्य मंत्रालयाने जारी केला आदेश या फिक्स डोस कॉम्बिनेशन औषधांचं विक्रीसाठी उत्पादन, विक्री आणि मनुष्यांसाठी वापरवर सरकारने आणली बंदी  
केंद्र सरकारने साल 2016 मध्ये या औषधांवर बंदी आणण्याचा निर्णय घेतला होता केंद्र सरकारने सामान्यांच्या आरोग्याबाबत एक मोठा निर्णय घेतलाय. केंद्रातील नरेंद्र मोदी सरकारने 328 फिक्स डोस कॉम्बिनेशनवर बंदी घातलीये. केंद्र सरकारने जारी केलेल्या प्रेस रिलीजनुसार, ड्रग अॅडव्हायजरी कमिटीच्या शिफारसीप्रमाणे, या औषधांमध्ये वापरण्यात आलेल्या घटकांच्या उपयुक्ततेबाबत कोणतीही माहिती समोर आली नाही

या औषधांच्या वापरामुळे सामान्यांच्या जीवाला धोका निर्माण झाला असता त्यामुळे लोकांचं हित लक्षात घेऊन ड्रग अॅडव्हायजरी बोर्डाने या औषधांचं उत्पादन, विक्री आणि वाटपावर बंदी घालण्याची शिफारस केली होती  
21 सप्टेंबर 1988 च्या आधी उत्पादन करण्यात आलेल्या 15 औषधांना या आदेशातून तूर्तास वगळण्यात आलंय  
काही दिवसांपूर्वी केंद्र सरकारने स्थापन केलेल्या कमिटीनेही या औषधांची अभ्यास केला होता. या कमिटीच्या रिपोर्टनंतर केंद्र सरकारने लोकांचं आरोग्य आणि हित लक्षात घेऊन 328 फिक्स डोस औषधांवर बंदी घालण्याचा निर्णय घेतलाय

## Health ministry to ban 328 combination medicines over safety concerns

Health ministry to ban 328 combination medicines over safety concerns The health ministry has decided to ban 328 combination medicines following recommendations to do so by its technical advisory body over a month ago, ET has learnt. It is also restricting the manufacture, sale and distribution of six other combination medicines, as recommended by the body.  
The ban is expected to shave off over Rs1,500 crore from India's Rs1.18-lakh crore pharmaceutical industry and would impact medicine brands across several therapy areas, according to pharmaceutical market research firm AIOCD Awacs PharmaTrac. This includes brands like Piramal's Saridon, Macleods Pharma's Panderm Plus cream and Alkem Laboratories' TaksimAZ.  
However, the government's latest ban notification no longer includes popular cough syrups and cold medicines like Phensedyl, Grilinctus and D'Cold Total, according to senior ministry officials. This is because they belong to combinations manufactured in India since before 1988 that the Supreme Court told the government not to ban on the basis of the technical body's latest report.  
According to the latest ban notification, the ministry's Drugs Technical Advisory Board (DTAB) said these 328 combination medicines, known as fixed dose combinations

(FDCs), should be banned because there is no therapeutic justification for them. DTAB also said these combinations may be risky for patients, according to the notification.  
"Hence in the larger public interest, it is necessary to prohibit the manufacture, sale or distribution of this FDC...any kind of regulation or restriction to allow for any use in patients is not justifiable," stated the notification. ET has viewed parts of the latest ban notifications, which a senior ministry official confirmed would be notified this week.  
The notifications also show that the ministry plans to restrict the manufacture, sale and distribution of six FDCs, including two combinations for treatment of diabetes. This would affect brands like Microlabs' Triptide, Abbott's Tribet and Lupin's Gluconorm-PG, according to PharmaTrac.  
FDCs are cocktail medicines that contain two or more therapeutic ingredients packed in a single dose.  
The ban notifications do not include 15 FDCs totaling over Rs740 crore that were manufactured since before 1988. This includes several popular cold, cough and depression medicines like Phensedyl and D'Cold Total that the government had been planning to ban based on DTAB's recommendations.  
Supreme Court told the ministry it could not ban these 15 FDCs on the basis of DTAB's report,
